

April 20, 2018

Dear Friends,

I would like to extend a special thanks to those who participated in the recent planning study conducted at Butte Central Catholic Schools. We received a wonderful response from the school community, feedback that is extremely beneficial as we look to the future of Butte Central.

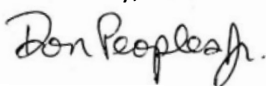

After gathering and analyzing data from the study, representatives from the Steier Group reported their findings to the Foundation board on April 6. The feedback they received did not come as a surprise. The Butte Central community is overwhelmingly in favor of a major fundraising initiative to support our schools and prepared to do something about it. In fact, there is significant support for a campaign:

- 81 percent of respondents are in favor of a major fundraising initiative to support Butte Central
- 70 percent said "Yes" when asked if they would financially support a campaign
- 48 individuals or couples indicated that they would serve in a leadership position

Based on the information above, the Steier Group recommended that we move forward with a campaign. Our Foundation board was in full agreement and voted to proceed with the effort. You will hear much more about this important project in the coming weeks and months.

Once again, thank you for participating in this critical study for Butte Central Catholic Schools. Your input has been extremely beneficial and will help to ensure the success of our upcoming campaign. With the Lord guiding us and our school, I have no doubt our efforts will enjoy abundant blessings.

Gratefully,

Don Peoples, Jr.
President
